Press Statement

Electricity tariffs have not been revised

Friday, 4th November 2016

The Energy Regulation Board (ERB) would like to advise the public to disregard a notice currently circulating on social media calling for comments on a purported application to revise electricity tariffs.

The ERB would like to categorically state that electricity tariffs have not been revised nor has an application been submitted for consideration. Further, the ERB has not issued any notice calling for public comments contrary to information circulating on social media.

In the event of a tariff adjustment, the public will be duly notified through official communication channels.

Consequently, members of the public are urged to remain calm and disregard any notices issued through unofficial channels.

All interested parties are encouraged to contact the Regulator at any of our offices, call ERB Toll Free Line **8484** or check the website: www.erb.org.zm.

Kwali Mfuni (Ms.)
